ABOUT LUNG CANCER INITIATIVE

Lung cancer claims more lives than any other cancer—as many as breast, colon, and prostate cancers combined. In 2025, an estimated 226,650 people in the U.S. will be diagnosed with lung cancer, with 8,810 new cases expected in North Carolina alone. Although lung cancer has the highest mortality rate of all cancer types, it receives far less federal funding than other cancers. Research dollars for lung cancer trail behind those allocated for breast, prostate, and colon cancers, even though it causes more deaths than any of them. In light of the tremendous need for more research funding as well as programs to assist the many thousands of people affected by lung cancer, Lung Cancer Initiative (LCI) has developed impactful programs that provide vital resources, education and awareness, and financial assistance for patients in need.

Lung Cancer Initiative seeks to address the tremendous need for more research funding as well as programs to support the many thousands of people in our community impacted by lung cancer. Our mission is to advance survivorship and provide support to those affected by lung cancer through research, education and access programs. As the state's leading non-profit organization supporting lung cancer research and education, LCI specializes in connecting patients, survivors and loved ones with the medical and research communities. Our goal is to fuel medical discovery, increase survival, and provide a network of hope and action for those facing lung cancer. We have a high standard of fiscal responsibility for the funds we raise, and we pledge to maintain that standard while increasing advocacy across our state.

WHERE THE MONEY GOES

RESEARCH: Lung cancer research is a key priority for LCI as it is making a tremendous difference in extending lung cancer survival and giving hope to people facing this disease. We are also committed to providing opportunities for researchers earlier in their careers to encourage their continued growth and involvement in the field of lung cancer. **Since our founding in 2008, LCI has funded \$3.4 million in lung cancer research!**

SURVIVOR SUPPORT AND ACCESS TO CARE PROGRAMS: LCI offers a variety of programs and resources designed to support lung cancer survivors and their caregivers at all stages of their journey, from diagnosis to long-term survivorship. Our **Survivor Engagement Program** includes monthly survivor lunches, an annual Survivor Wellness Retreat, and other survivor networking events. LCI also assists lung cancer patients in need through the **Tomma Hargraves Gas Card Program** and the **Patient Emergency Fund**, which help patients access their treatment and meet their basic needs during treatment.

EDUCATION AND AWARENESS PROGRAMS: Together with our partners at cancer centers and local organizations, LCI offers a wide variety of educational opportunities for everyone in our community!

- **Our Community Education programs** allow members of the community to come together to hear the latest information about lung cancer screening, research, treatment options, and related topics.
- **Patient Education** is also a priority. We distribute free print and online materials to patients and physician offices, which provides patients with vital information to help them and their caregivers better understand a diagnosis of lung cancer and make well-informed decisions about their care and treatment.
- **We also offer Provider Education** opportunities, which offer health care professionals information on how to improve lung cancer screening rates, keep up with research advancements, and increase awareness of LCI's patient support programs so that they can share them with their patients.

LUNGE FORWARD FOR LUNG CANCER!

Lung Cancer Initiative's four LUNGE Forward Run, Walk and Celebration events unite hundreds of people in cities across North Carolina to make a difference for those impacted by lung cancer!

Each event is a day of celebration and remembrance, as well as an opportunity to take action and provide hope to those facing a lung cancer diagnosis. We invite you to join with other corporate and individual leaders in making a contribution. The more money raised, the closer we come to finding a cure!

WAYS TO GET INVOLVED!

- *Sponsor a LUNGE Forward event!*
- *Make an in-kind donation*
- *Register to participate*
- *Form a team and fundraise*
- *Volunteer*

SPONSORSHIP MATTERS!

Sponsoring a Lung Cancer Initiative event, such as the a **LUNGe Forward Run, Walk and Celebration**, benefits companies in a variety of ways:

- Demonstrates your company's interest in **supporting and sustaining important advocacy work** that furthers lung cancer research and survivorship programming.
- Builds employee morale and company pride while representing your organization's **commitment to social responsibility and the community**.
- **Enhances your organization's image**, prestige and credibility through supporting a cause that your target market finds attractive.
- Serves as an effective marketing tool and can be a means of **accessing a wide range of audiences** such as decision makers in business, government and, of course, patients or customers.
- Builds **recognition for your company as a civic leader** by partnering with a respected advocacy organization that directly funds lung cancer research and awareness programs.

Lung Cancer Initiative has earned **2025 Platinum Seal of Transparency**, the highest level of recognition offered by **Candid/GuideStar**, as well as a **Four Star rating by Charity Navigator**.
